---

## 8. Warranty, Support & Maintenance

- **Warranty Period:** The Service Provider provides a [30/60/90]-day warranty from the handover date for bugs or defects directly related to delivered code, excluding third-party services or integrations.
  - **Included Support:** During the warranty period, the Service Provider will correct defects at no additional charge. Support does NOT include content updates, new features, or major revisions.
  - **Maintenance Options:** Ongoing maintenance, updates, and feature work are available under a separate Maintenance Agreement (see `MAINTENANCE.md`). Response times and hourly rates will be agreed upon separately.
-

## 9. Confidentiality & Secure Handover

- Sensitive credentials (hosting, Stripe, domain registrar, email) must be shared via a secure channel (password manager share, encrypted email, or similar). These should NOT be included in the public repository.
- The Service Provider agrees to treat client-supplied material and credentials as confidential unless authorized otherwise.
